iView360 Function v2.0.0.8

The software can have inexhaustible innovation and creation; therefore, it's enchanting. The recent technology develops in order to meet the user's needs. The renovation of the consumer software is one good example. The software iView360 broke new ground in the realm of video surveillance. KUO YUE would like to introduce the video surveillance solutions in iPhone. The solution integrates iPhone and IP camera. Let's a user view video. Using the iPhone, images can arrive within seconds of a user's click. KUO YUE always persists in giving consideration to both technology innovation and quality.
